

OPEN PUBLICITY THE BEST GUARANTY OF MERIT.

When the maker of a medicine, sold through druggists for family use, takes his patients fully into his confidence by frankly and fearlessly publishing broadcast as well as on its bottle wrappers, a full list of all its ingredients in plain English, this action on his part is the best possible evidence that he is not afraid to have the search light of investigation turned full upon his formula and that it will bear the fullest scrutiny and the most thorough investigation.

Dr. Pierce's Favorite Prescription for the cure of the weaknesses, periodical pains and functional derangements of the organs distinctly feminine, is the only medicine put up for sale through druggists for woman's special use, the maker of which is not afraid to take his patients into his full confidence by such open and honest publicity.

A glance at the published ingredients on each bottle wrapper, will show that it is made wholly from native, American, medicinal roots, that it contains no poisonous or habit-forming drugs, no narcotics and no alcohol—pure, triple-refined glycerine of proper strength being used instead of the commonly employed alcohol, both for extracting and preserving the active medicinal properties found in the roots of the American forest plants employed. It is the only medicine for women's peculiar diseases, sold by druggists, that does contain a large percentage of alcohol, which is in the long run so harmful to woman's delicate, nervous system. Now, glycerine is perfectly harmless, and serves a valuable purpose by possessing intrinsic value all its own, and besides it enhances the curative effect of the other ingredients entering into the "Favorite Prescription."

Some of the ablest medical writers and teachers endorse these views and praise all the several ingredients of which "Favorite Prescription" is composed—recommending them for the cure of the very same diseases for which this world-famous medicine is advised. No other medicine for women has any such professional endorsement—worth more than any number of ordinary testimonials. If interested, send name and address to Dr. R. V. Pierce, Buffalo, N. Y., for his little book of extracts from the works of eminent medical writers and teachers, endorsing the several ingredients and telling just what Dr. Pierce's medicines are made of. It's free for the asking.

CAVALRYMEN MUTINY

SOLDIERS OF THE KASARVA REGIMENT AT TAMBOV ARE NOW IN OPEN REBELLION.

FIRE ON THE LOYAL TROOPS

MUTINEERS RESIST WITH ARMS AND BARRICADE THEMSELVES IN BARRACKS.

Tambov, July 10.—A mutiny broke out July 7 in the Kasarva regiment of cavalry and during the consequent disorder an infantry officer and a soldier of the Nejnol dragoons, who attacked the mutineers, were killed. The mutineers have barricaded themselves in the barracks.

St. Petersburg, July 10.—The news of the mutiny at Tambov, which is apparently the most serious of such affairs since the Sebastopol mutiny, is confined to the bare details of a censor agency dispatch showing that the mutineers when attacked by loyal troops offered armed resistance before retreating to their barracks, where they are now barricaded. Up to 1:30 o'clock a. m. the newspapers have received no further particulars. In previous mutinies this year, the disaffected troops have submitted when confronted by loyal detachments. The outbreak is a quick commentary on General Trepoff's declaration in the interview with him, published July 7, in which he affirmed that the cavalry could be more depended upon than the infantry, because their officers were in closer touch with their men.

Dispatches received here from Novotchersk, which is in the center of the Don Cossack district, show that the authorities are extremely apprehensive as to the effect of the speeches delivered in the lower house of parliament in the recent debate on the Cossack question and which were probably intended to undermine the loyalty of the Cossack levies engaged on police duty. Regular meetings of Constitutional Democrats, at which the report of the debate was to have been read, were dispersed and the papers have been terrified into omitting reports of the speeches.

ADDRESS TO THE COUNTRY.

May Be Made By Lower House of Russian Parliament.

St. Petersburg, July 10.—The initial step toward the adoption of a direct address to the country to counteract the impression the government's communication with regard to the settlement of the agrarian question is making among the peasantry, was taken in the lower house of parliament when an interpellation was introduced asking for an explanation of the dissemination of the governmental proclamation to the peasants July 3.

This proclamation accompanied the publication in the Official Messenger of the government's agrarian bill and set forth the emperor's constant solicitude for the peasants' welfare and denied that the government was opposing expropriation in the interest of the landlords, concluding with an expression of the vital necessity of maintaining the rights of property as being the foundation of the state.

The interpellation was referred to a commission, which is expected to recommend the issuance of a counter appeal setting forth the views and intentions of parliament.

Professor Kuzmin-Karavaleff, the legal expert of parliament, has developed the theory that the action of the administration in spreading views directly opposed to the expressed policy of the legislative branch was an illegal encroachment on the privileges of parliament.

Count Mukhanoff, president of the house agrarian commission, dilated on how the law which the commission was now elaborating was handicapped by the circulation of the emperor's proclamation. New tactics had been necessary from the alarming news from various sections of the effect produced by the proclamation. The progress of parliament was contrasted with the government's fair sounding promises of the distribution of all arable state lands and other measures to relieve the peasants' land hunger.

Parliament Withholds Gift.

Count Mukhanoff added that the report was being spread in many parts of the country that the emperor had ordered the distribution of lands to the peasants but that parliament, like the wicked fairies in old stories, was withholding the "little father's" gift from his children.

Deputy von Rutzen, from the province of Kursk, who has just returned from a visit to that section, told the Associated Press that he had found many peasants harboring a distinct feeling of distrust, if not animosity, towards parliament, which petty officials naturally are doing their utmost to encourage. The government's agrarian proclamation, he said, was distributed broadcast in the form of handbills and posters throughout the country and agents of the administration are actively attacking parliament's principle in the agrarian question as being aimed as much at the small holdings of peasants as at the vast estates of the nobility.

The house made slight progress with the debate on the Bialystok report. The principal new contribution was Deputy Vinavov's assertion that anti-Semitic pamphlets are still being printed in the office of the prefecture of police at St. Petersburg, the deputy giving the title of the pamphlet and the name of its author. The discussion will be continued. There are still twenty-four speakers to be heard.

M. Roditcheff, in an earnest speech, which was applauded by all sections of the house, described the policy of the government as being full of falsehoods, which were leading the country into unheard of danger. The ministers have refused to resign or to listen to the voice of the nation and had turned a deaf ear to the murmurs of the coming storm.

Already, M. Roditcheff said, there are rumblings which will unite in a terrible thunderclap and upheaval of the country. When the government, fearing the explosion, decides to resign, it will be too late.

M. Roditcheff spoke in ringing tones, his voice trembling with emotion. As he concluded there was thunderous applause.

After several other speeches and the presentation of various interpellations the house adjourned.

ANTI-JEWISH EXCESSES.

Prince Urusoff Says They Were Inspired From St. Petersburg.

St. Petersburg, July 10.—Smartering under General Trepoff's epithet of liar, applied in the interview published July 7, Prince Urusoff declared to the Associated Press that he was in possession of full documentary evidence to prove his charges that anti-Jewish pogroms and excesses throughout the country had been inspired from St. Petersburg and not, as General Trepoff asserted, due to the arbitrary action of embittered local officials. Prince Urusoff said the documents would be published within a fortnight and that the public would then be able to judge whether he or General Trepoff was a liar.

TO FORM A MINISTRY.

Constitutional Democrats May Be Invited by the Czar.

London, July 10.—According to the correspondent of the Times at St. Petersburg, it is the consensus of opinion there that the Constitutional Democrats will be invited to form a ministry. One of their leaders said there had been indirect overtures with that object in view and that they were awaiting the next move from Peterhof. Another leader said the Goremynkin cabinet was certain to go and that there would be a Mourontseff cabinet.

Hundreds of Peasants Indicted.

Nishni Novgorod, July 10.—For participation in agrarian disorders in this province 446 peasants have been indicted. Among the accused is a member of the lower house of parliament named Filatoff.

Refuse to Join the Colors.

Ust-Medveditsa, Territory of The Don, July 10.—The Cossacks of the Second reserve, who had been ordered mobilized for police service, have refused to join the colors.

TAFT AT GREENSBORO

SECRETARY OF WAR DELIVERS AN ADDRESS TO NORTH CAROLINA REPUBLICANS.

Greensboro, N. C., July 10.—Secretary of War Taft, before a meeting of North Carolina Republicans on the eve of their state convention, delivered a speech that was generally anticipated as the opening gun of the congressional campaign of 1906. The speech dealt with current political questions and, opening with advice to the rank and file of the party in North Carolina and the South particularly, referred to the achievements of the party in the session of congress just ended. The opera house was packed to overflowing by a throng eager to hear the secretary of war and hundreds of persons were turned away because of the limited size of the hall.

In his address Secretary Taft said that nothing that could happen in the politics of this country would work greater advantage to the country at large and to the South in particular than the breaking up of what has been properly known as the "Solid South."

The secretary was warmly applauded throughout his speech.

Mr. Taft left Greensboro at 10:51 p. m. for the North, en route to Put-In-Bay, O., where he will deliver an address before the Ohio Bar association.

CRIME PREMEDITATED

ASSERTED THAT HARRY K. THAW LONG AGO INTENDED TO KILL STANFORD WHITE.

SOON AFTER HIS MARRIAGE

YOUNG MILLIONAIRE DECLARED HE WAS GOING TO SLAY THE NOTED ARCHITECT.

New York, July 10.—Mrs. Beatrice Schwartz is the woman who, Assistant District Attorney Garvan expects, will swear that Harry Thaw long had it in his heart to kill Stanford White. Mr. Garvan thinks that Mrs. Schwartz will appear as a voluntary witness at the district attorney's office. A close friend of Mrs. Schwartz has already repeated to Mr. Garvan this narrative by her:

"Soon after Thaw's marriage to Evelyn Nesbit he and his wife visited Mrs. Schwartz at her apartments in this city. She had known both Evelyn Nesbit and Harry Thaw for a long time and had met them together abroad. With the Thaws on their visit to Mrs. Schwartz was William Sturgis, Thaw's most intimate friend and, it is said, the only man of whom he was not suspicious where Mrs. Thaw was concerned.

"While the Thaws and Sturgis and Mrs. Schwartz were talking somebody mentioned Stanford White's name. Harry Thaw immediately flew into a furious passion and, while he called White the worst names, whipped out a revolver from his hip pocket and, brandishing it, shouted: 'This is for White. I am going to kill the ——— with it.'"

Mrs. Schwartz says, too, according to her friend who quoted her to Mr. Garvan, that after Thaw uttered this threat she happened to meet Mr. White on the street. Mrs. Schwartz knew White and told him that Thaw and Evelyn Nesbit had been married in Pittsburgh. She asked Mr. White whether he had heard it.

"Poor, wayward kid. It is the best thing that could have happened to her," White answered.

The assistant district attorney expects a visit from James Lederer, brother of George Lederer. A subpoena for James Lederer has been issued. James Lederer was manager for his brother George of the "Wild Rose" company, of which Evelyn Nesbit was a member.

About that time George Lederer's wife sued him for divorce, and among other women, named Evelyn Nesbit as a co-respondent. But no testimony concerning Miss Nesbit was taken in the suit.

KILLS HIMSELF BY SHOOTING.

Young Broker Ends His Life at the Waldorf-Astoria.

New York, July 10.—Norman G. Leopold, a young broker, killed himself by shooting in a room in the Waldorf-Astoria hotel. He registered at the hotel in the morning and subsequently directed a note to a friend, bidding him good bye. The note alarmed relatives who began a search of the hotels of the city. A cousin learned that the young man had registered at the Waldorf and his apartments were broken into. Leopold's body was found with a bullet hole in the head. Financial difficulties are supposed to have caused him to commit suicide. An uncle of the dead man, James M. Leopold, is a member of the New York Stock Exchange.

SKULL SPLIT OPEN.

Connecticut Farmer Finds Body of His Murdered Friend.

Middletown, Conn., July 10.—John Anderson, a farmer, found the body of his friend, George Goodale, in a small house where he lived alone. Goodale recently sold a house for \$1,000. Whether or not his money was stolen is not known, but it is certain that he was murdered. Goodale was sitting in a chair near a window. His skull was split open and there were deep cuts over both of his eyes.

The police say that Henry Bailey, who had worked for Goodale, was seen to drive away from Goodale's house on Friday with a team belonging to Goodale. Bailey will be arrested as soon as located.

The Ohio River.

No part of the Ohio river is in Ohio, the boundary of the state is the northern or northwestern margin of the river. The stream itself is wholly in West Virginia and Kentucky, where it flows past Ohio. The northwest territory, out of which Ohio was formed, was defined as the territory north and west of the Ohio, not north and west of the middle of that great river.

BREWERS ADMIT DEFEAT.

Agree Never to Sell Liquor to Joints in Kansas City, Kan.

Kansas City, Mo., July 10.—The brewers who control the joints in Kansas City, Kan., admitted defeat in their effort to keep their places open in defiance of the law when they announced Monday night that they will agree never to sell liquor to the joints in Kansas City, Kan., again, and promised to give bond as a guarantee of good faith.

The Helm, Rochester and Imperial Brewing companies, which own and control 150 joints in Kansas City, Kan., will make application this week in the court of common pleas for the release of their property which, by order of the court, is locked up and guarded by the authorities. The brewers agree to give a bond of \$1,000 for each building they own in which they have fixtures as a guarantee that they will not again violate the liquor law.

When the buildings are leased by the brewers the property owners will have to give bond before the padlocks will be removed from the doors. Eleven jointists were cited for contempt by the court of common pleas Monday for violating the court's order by selling liquor Sunday.

AMERICAN MEATS BARRED.

Will Be No Longer a Compulsory Ration for British Navy.

London, July 10.—As the result of the refusal of one of the ships of the British Atlantic fleet to take on American tinned meats during the recent naval maneuvers, the admiralty directs that ships' companies be supplied with Australia or Argentine brands in lieu of American. The remainder of American tinned meats now on hand is being returned to the victualling yards and will be no longer a compulsory ration for the navy.

BERRY SURRENDERS.

Alleged Embezzler Returns to Boston From South America.

Boston, July 10.—Charles F. Berry, who was indicted in 1895 on seventy-four counts charging embezzlement of \$300,000 from estates of which he was trustee, has returned to this city and surrendered himself to the district attorney. Later he was arraigned in the superior court on the charge of larceny and held in \$15,000 bail, which was furnished. Berry's surrender was by a prearranged plan. About three weeks ago a man called at the district attorney's office and showed Mr. Moran a letter from Berry, who was at that time in South America. In the letter Berry said he wished to come home and would do so if he was granted reasonable bail and fair treatment.

NO ARRESTS YET MADE.

The sheriffs of two counties are on the hunt for the daring bandit and although they first suspected a man living near Grub Gulch, they now declare that he is not the stage robber and no arrests have as yet been made.

The officers found \$50 which the robber overlooked in the express box that he rifled and \$150 that the tourists had thrown into the brush.

Weather

Forecast—Fair and warmer

THE Taft presidential boom is to be launched in the south and worked northward as the weather cools.

ADAM BEDE nominates Speaker Cannon for president to succeed Theodore Roosevelt, but the congressman from the eighth Minnesota district doesn't seem to have the balance of the country with him.

THE latest fish story comes from Crookston where 'tis said a woman found the hand of an infant in the stomach of a bullhead she was cleaning for dinner. Being very much frightened she threw the hand back into the river and it cannot now be found to corroborate the story, but it's true.

EVERY vote for the republican ticket this fall will help swell the natural majority and the fact that many of the republicans who two years ago saw fit to be with the opposition have deemed it wise to announce in the public print their intention of supporting the republican nominee for governor and to get out on the stump for him if their services are required is certainly an indication of party success at the coming election. The Little Falls Transcript says: The certainty of the success of the whole ticket this year is based on the evident fact that many republicans who did not support the entire ticket two years will do so in this campaign.

REPORTS from various parts of the district would indicate that Congressman Buckman's renomination is not in any great danger. The Wadena Pioneer-Journal in its last issue sizes up the situation in that county as follows: Congressman C. B. Buckman is at his home at Little Falls, having just returned from Washington after congress adjourned. Mr. Buckman has opposition to his renomination, but he does not appear to be worrying any. He has the prestige of a good congressional record, and is furthermore fortified by the fact that during a long political life he has never been beaten at the polls. Things appear to be in good shape for him in Wadena county, and he will undoubtedly go out of here with a good majority.

REAPPORTIONMENT will be one of the things to come before the next legislature that will be of much importance to the northern part of the state. The work must be done then or deferred for five years as the constitution provides that it shall be done only at the first session following a state or federal census. That there will be objection to the reapportionment goes without saying, for as the Minneapolis Journal remarks "the opponents of reapportionment next winter will be placed in the position of wanting it deferred for ten years, and perpetuating a system which gives the three southern districts of the state 40 per cent of the state senate, when they only have 28 per cent of the population." Undoubtedly the question will enter into the fight for the organization of the house and the next speaker will be chosen on account of his views on the subject.

ABE ATTELL DEFEATS NEIL.

Obtains the Decision at the End of Their Twenty-Round Fight.

Los Angeles, Cal., July 5.—Abe Attell, champion featherweight of America, won a twenty-round battle from Frankie Neil, the bantamweight champion, before the Pacific Athletic club here. Attell showed to great advantage with his remarkable cleverness and he landed six blows to Neil's one. Neil's eyes were closed early in the contest and his face battered black and blue. Neil, however, appeared to be the strongest throughout the 20 rounds and his blows, when they landed, had force behind them. Neil's cleverness in sidestepping and avoiding his opponent's vicious swings saved him repeatedly. The last two rounds were fought by both men with fierceness and Neil landed more blows in these two rounds than in nearly all the balance of the fight. The men slugged at each other during these rounds and fought head to head, slugging at each other's face. The decision of Referee Eytan was popular.

THREE MURDERS OCCUR.

But Not One of the Criminals Has Been Arrested.

Washington, Pa., June 25.—Three murders in one day have been reported to the Washington county authorities and as yet no arrests have been made. Early in the morning the body of Michael Prebika, a coal miner, was found in a tunnel of the Wabash road in Independence township. His skull had been crushed and both legs broken. He had been shot through the head and the body placed on the tracks to conceal the murder. When last seen alive Prebika had a large sum of money and was quarreling with Frank Ristar, for whom a warrant has been issued.

Later the body of Joseph Simpson, another coal miner, was found beneath a railroad car at Burgettstown. He had wounds on his head and chest, apparently inflicted with a pick. His pockets had been rifled.

The body of an unknown man, still unidentified, was found in the road near the Baltimore and Ohio tracks at Gilkeson, ten miles from this place. The only indication of the cause of death was a bruise on the temple.

SITE IS CHOSEN FOR NEW CHURCH

First Baptist Church to Erect New Edifice on Corner of Sixth and Juniper

PLANS ARE NOW HERE

And Bids are Being Asked From Various Contractors for the Construction

The First Baptist church has received the plans for the new church to be built this summer and has definitely decided upon the site. The new structure will be on the corner just north of the present location. The new structure will be of brick with stone trimmings. Bedford stone is called for in the specifications but it is thought that some other stone may be substituted. The plans call for a structure 83 feet long and about forty wide, with a tower on one corner. There will be no spire. There will be no basement in the church believing that the old edifice can be remodeled into a better guild room than could be made in the basement and for less money.

It is expected that the seating capacity will be about 300, including the lecture room. The main audience room will have an inclined floor and will be seated with the most approved pews. Altogether the church will be a credit to the denomination and to Brainerd.

MUSIC AND DRAMA.

"A MESSAGE FROM MARS."

The opera house was fairly well filled last night to witness the production of "A Message from Mars." The universal verdict seems to be that it was one of the best comedies ever presented in Brainerd. The plot is strikingly original and hits off the primal sin of selfishness in a most remarkable manner. The staging was gorgeous and unique and the scenic effects fine. The dialogue is well sustained and a mingling of mirth, drollery and pathos which charms an audience. The lesson taught is distinctly uplifting and ennobling, and in the entire play there is not the first suggestion of either buffoonery or coarseness. Should it come here again at a less sultry time it would command a crowded house.

THE GREAT PARKER AMUSEMENT CO.

The Great Parker Amusement Co., that is soon to show in this city, is one of the world's greatest amusement companies, a yellow train of 30 cars is needed to transport this massive and gorgeous aggregation of merry makers, carrying more performers than any circus, more sensational free attractions than all other carnival companies combined, and the massive gold and glittering, show fronts will present a spectacle never seen before in this city, numbering sixteen high class clean and moral shows, not one of them containing the least act that is in any way suggestive. Cleanliness, has been the watchword of the Great Parker Amusement Co., and they have hued to the line in every particular. A visit to the Parker Pike, is better than a "holiday" or going to the "County Fair." For it is both combined.

EFFECT ORGANIZATION

COMMITTEE OF INTERNATIONAL POLICYHOLDERS CHOOSE A SET OF OFFICERS.

OBJECT OF THE MOVEMENT

IS TO OVERTHROW PRESENT MANAGEMENT OF TWO INSURANCE COMPANIES.

New York, July 10.—The International policyholders' committee, organized to overthrow the present management of the New York Life Insurance company and the Mutual Life Insurance company of New York, effected a permanent organization at a meeting here by the election of the following officers:

Chairman, Richard Olney, Massachusetts; vice chairman, Governor J. Frank Hanley, Indiana; executive committee, Alton B. Parker, New York; Governor J. A. Johnson, Minnesota; Charles Emory Smith, Pennsylvania; Harlow N. Higginbotham, Illinois; A. M. Shook, Tennessee; Governor Henry Roberts, Connecticut; Governor Samuel W. Pennypacker, Pennsylvania; finance committee, Thomas B. Wainmaker, Pennsylvania; F. G. Neidinger, Missouri; Samuel Newhouse, Utah; Samuel Untermeyer (of counsel); Seymour Eaton (secretary); G. R. Crugham (organizer).

The general committee formally added to the list of its members the names of Lord St. Oswald and Harmond Barnard, M. P., to represent the English policyholders. After the meeting the committee issued an address to policyholders explaining the inception of the committee and outlining its plan of action.

Recalling that the voting power has gradually been transferred from the policyholders to a few of the executive officers centered in New York, the address says that it is necessary for the 1,200,000 policyholders to organize without delay, as this year under the law recently enacted affords the policyholders their only opportunity to obtain complete control in one election while hereafter only half the directors can be chosen in any one election.

The committee has until Sept. 18 to

file its nominations of directors to be voted for by the policyholders. The voting will continue from Oct. 18 until Dec. 15, when the polls will close.

TALKS TO PORTO RICANS.

Secretary Root Delivers an Address at San Juan.

San Juan, P. R., July 10.—Ellihu Root, the American secretary of state, who arrived here Sunday on board the cruiser Charleston on his voyage to Rio Janeiro as the representative of the American government at the Pan-American congress, was entertained at luncheon by George Ward at the Union club. Others present included United States and insular officials, the military and naval authorities of Porto Rico and several Spanish merchants and bankers.

Audite Hyda of Porto Rico proposed the toast to President Roosevelt. In responding Mr. Root recalled his solicitude and interest for Porto Rico during the first days of his administration as secretary of war, while Porto Rico was yet under military government. He said he fully appreciated the difficulties attending the island's adjustment to the new conditions resulting from its separation from Spain and the severance of relations between church and state. The United States, Mr. Root said, was greatly interested in the welfare of the island and in holding its friendship and strongly desired for Porto Rico the utmost prosperity and happiness.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
